APPROVAL FOR EXAMINER'S AMENDMENT

Mail Stop Non-Fee Amendment
Commissioner of Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Dear Madam:

This is to confirm approval of an Examiner's Amendment with regards to claims 1, 9, and 19. As discussed in the phone conversation on July 6, 2004, claims 1, 9, and 19 are to be amended via Examiner's Amendment to insert the term "simulated" preceding the term "motions" so as to be associated with the term "simulating motions" and have proper antecedent basis therewith. Claim 19 is also to be amended via Examiner's amendment to replace "comprising a resulting frequency operating band, to be in said desired frequency operating range" with "wherein a resulting frequency operating band is adjusted to be within said desired frequency operating range". The Applicants approve the stated amendments.
